

SCHOOL PARTNERSHIP VICTORIA SCHOOL X CLIMATE COOPERATIVE

# Plant our school forest in Brazil

1. Scan the QR code with your phone camera
2. Choose how many plots to assign: every €10 = 1 GPS location with 5 trees
3. You join the Victoria School group automatically and see your trees on the school map

**Scan and take part**

**Instituto Bilingüe Victoria, Tequisquiapan**

my.climate-cooperative.com/schools/victoria

Modeled impact: about 175 kg CO2 per year per plot. Not a carbon offset.
